

ST. CLETUS

Lenten Mission 2025

A Culture of Life: That You May Have Life and Have it More Abundantly

Monday-Wednesday, March 31-April 2, 7:00 PM

Do you find yourself swept along by the culture towards things that draw you away from what is most important: God, family, and living a meaningful life? In the three days of this mission we'll reflect on God's design and plan for creation, humanity, and family life, so that we might better understand God's design, cooperate with His plan, and live life to the full.

Mission Schedule

Monday – ***Creation: God's Design
of the Cosmos***
March 31

❖ Confessions after talk

Tues – ***Anthropology: God's Design
